Understanding How Sprint Orienteers Make Decisions

5-Jan-2019 'Can we' demo added. Some work completed on introductory training for beginners.

8-Jan-2019 Training improved and looped depending of the results of the test, 4 'Can We' trials included, completion cleaned up.

18-Jan-2019 App structure defined. Added xml for named users & test structures, events used to trigger critical events avoiding the pyramid of doom.
